Additional Eligibility Information

The Alaska Office for Refugees (AOR) intends to award this funding to a) agencies with demonstrated effectiveness serving youth b) agencies that demonstrate a collaborative approach
with local stakeholders to provide cohesive and effective programming and c) agencies with demonstrated knowledge of ORR eligible populations including: Refugees, Cuban/Haitian Entrants, Asylees, Eligible Victims of Trafficking, Aghan Humanitarian Parolees, and Ukrainian Humanitarian Parolees.

**Description of Federal Grant**

The Refugee School Impact (RSI) funding streams are intended to support integration and successful navigation of education systems for ORR eligible youth and their parents. These services are bound by the refugee social services activities listed in CFR 45 Part 400. Specifics around the RSI program can be found in ORR PL 22-07. Funding is designated to support eligible individuals as delineated within ORR PL 16-01, ORR PL 22-01, and ORR-PL 22-13.

**Purpose and Scope**

Refugee youth access to early childhood education and appropriate school services are essential to their success and integration upon arrival. Funding is also provided to the three primary school districts (Anchorage School District, Mat-Su Borough, Delta Greely) serving refugee youth, and these programs should work in collaboration with those RSI funded services. Services are divided into two categories: Early RSI (birth to pre-school) and School Age RSI (Kindergarten – 12th grade). The Alaska Refugee School Impact Program includes the following core services. Please note that not all services are required in all communities. Please adjust your application per community accordingly.

**Early RSI:**
1. School Orientation (Anchorage, Mat-Su): Provide early childhood orientation to familiarize parents with the resources and educational opportunities available to pre-K children including Head Start, school district preschools, and more to increase student enrollment in pre-K.
2. Enrichment Activities (Anchorage): Regular opportunities for educational enrichment will be offered in the form of classes and field trips.

**School Age RSI:**

*Services (RSI)*: RSI will focus on three key objectives.
1. School Orientation (Anchorage, Mat-Su, Delta Junction): Implement developed curriculum to provide comprehensive school orientation for all newly arriving families to familiarize them with the U.S. school system and their school district. This will include an initial school orientation before starting school and a school tour when possible.
2. Parent’s Class (Anchorage, Mat-Su, Delta Junction): Provide ongoing Parent’s classes that promote parent engagement with social communities, increase opportunities for parents to meet with school families, and learn advocacy skills for student development.
3. Enrichment Activities (Anchorage): Regular opportunities for educational enrichment will be offered in the form of events and field trips. These will primarily be offered at times when school is not in session during winter break, spring break, and summer break.
To accomplish these goals, applicants must provide services in accordance with 45 CFR Part 400 and are required to ensure the following in services:

1. School Orientation should be offered to all newly arrived students and their families. School orientation may be offered in a class or individualized setting and should take place ideally before enrollment into school or within 30 days of a youth starting school. Early RSI School Orientation should focus on the opportunities for early childhood education available in that community for families. School orientation services also include assisting youth with enrollment into the school system.

2. Parent’s Classes should be offered monthly during the school year and focus on skills and information needed by parents to navigate the school system. Potential topics could include: Parent Teacher Conferences, charter school lotteries, reading reporting cards and more. In addition, parent’s classes can serve as a place for outside partners to present relevant information (e.g. FBI cyber unit presenting around phone and internet safety for youth)

3. Enrichment Activities should be STEAM focused and offer opportunities for youth to advance their learning during school breaks.

4. Document services provided via Apricot case note system and maintain client hard files of required paperwork. Services include but are not limited to case notes, school enrollment information, and class notes.

5. Coordinate with the local school district as needed to help the successful integration of refugee youth. Provide ongoing support to families transitioning between schools, needing school resources, or facing challenges in accessing educational programs (e.g. IEPs). Assist families with accessing other ORR funded services like case management or health as needed.

6. Complete bi-annual reporting.

The above-mentioned examples are not exhaustive.
