

Refugee Mental Health ECHO

Welcome to the New Refugee Mental Health ECHO

1st Friday of the Month
12:00 - 1:30 pm AKT
October 2023 - March 2024

[Register Now](#)

The Refugee Mental Health ECHO is a virtual learning network intended increase the knowledge and skills of clinical providers working with forcibly relocated populations (e.g. refugees, humanitarian parolees).

Jointly delivered by Catholic Social Services and UAA Center for Human Development Project ECHO, the Refugee Mental Health ECHO series focuses on the most common challenges faced when serving forced migrants. Each session of our 6 part series is designed to support the skill

[Mark your calendars!](#)

development of mental health clinicians serving forced migrants and to offer tools to improve service delivery.

Who Should Join? While all professionals are welcome to join, the Refugee Mental Health ECHO is intended for LPCs, Psychologists, Social Workers, and other clinical providers who are working with or providing services to refugees.

Free continuing education offered each session

CME (AMA PRA Category 1.5 Credit TM) CEUs for Social Work, Psychology and other professional types will also be offered, with more information to follow.

The Refugee Mental Health ECHO series is provided with funding from the Office of Refugee Resettlement.

Add the Refugee Mental Health ECHO to your calendar via .ics file.

"All Teach, All Learn"

Each 90-minute ECHO session includes a cultural humility exercise, brief lecture, de-identified case presentation for participants to receive feedback on complex cases, and open discussion facilitated by an interdisciplinary team.
